NEW YEAR'S EVE NOISE MAKERS

Paper Plate Tambourine

Step 1: Decorate the underside of the plates with your favorite colors and designs.

Step 2: Align the plates on top of each other with the decorated sides of the plates facing out. Staple 3/4 way around the edge of the plates so that you have an opening to pour in the rice.

Step 3: Pour the rice inside the opening.

Step 4: Hold the plates upright to keep the rice inside, and staple until the plates are connected all the way around.

Step 5: Shake away!

Supplies

- 2 paper plates
- Uncooked Rice
- Crayons/Markers
- Stapler

Cardboard Tube Shakers

Step 1: Decorate the cardboard roll however you like.

Step 2: With the help of an adult, cut a piece of saran or cling wrap and place it tightly on one end of your cardboard roll to cover the hole. Then cut a piece of tape long enough to tape the saran wrap down.

Step 3: Scoop your rice or popcorn and put enough that it fills no more than half the roll.

Step 4: Cut another piece of saran wrap to cover the other end of your roll. You can put extra pieces of tape on top of the saran wrap on each end.

Step 5: Finish decorating your shaker, turn on some music and get shaking

Optional: for a different sound, use aluminum foil instead of cling wrap, or dry pasta instead of rice or popcorn.
