

## INVISIBLE INK SECRET MESSAGES

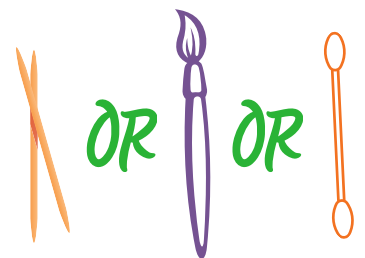

There are two different options to choose from, try one or try them both!

### Method 1: Baking Soda

- Baking Soda
- Water
- Small bowl
- Writing tool (ex. cotton swab, toothpick, or paintbrush)
- A piece of white paper
- Lightbulb (used as your heat source)

#### Instructions:

- Mix equal parts baking soda and water in a small bowl.
- Get your writing tool and use your mixture to write your secret message on the white piece of paper.
- Wait for the "ink" to dry.
- Heat up the paper **CAREFULLY** using the lightbulb as your heat source being careful not to touch the paper to the lightbulb.
- Your message should show up in **BROWN!**

## Method 2: Lemon Juice

- Lemon Juice
- Small bowl
- Writing tool (ex. cotton swab, toothpick, or paintbrush)
- A piece of white paper
- Lightbulb (used as your heat source)

### Instructions:

- Pour a small amount of lemon juice into a small bowl. You can also squeeze a fresh lemon.
- Get your writing tool and use your mixture to write your secret message on the white piece of paper.
- Wait for the "ink" to dry.
- Heat up the paper **CAREFULLY** using the lightbulb as your heat source being careful not to touch the paper to the lightbulb.
- Your message should show up in a very light

**BROWN!**
